Meeting Notes:

- The meeting was called to order at 1:05 p.m.
- Committee members introduced themselves.
- The committee started the review of the proposals.

IS-BLE-01-17

Motion: Approved as submitted- 5-0

Reason: The title is editorial and this would be consistent.

IS-BLE-02-17

Motion: Disapproval – 5-0

Reason: Not needed for IS-BLE-23-17. This proposal can stand on its own without the definition. The definition is too broad.

IS-BLE-03-17

Motion: Approved as submitted – 6-0

Reason: Consistent with ASCE 7-10 and 16 editions

IS-BLE-04-17

Motion: Approved as submitted – 6-0

Reason: This would be consistent with the approach ASCE 7. This condition needs to be addressed for the different conditions on bleachers. Current requirements do not address this. This clarifies calculations for bleach loading. This will standardize the approach to the calculations across the industry.

IS-BLE-05-17

The committee asked to postpone discussion until the next meeting so that the proponent can be present.

The call ended at 2:00 Eastern. This meeting will continue on **July 12 at 1:00 Eastern**.
