

COMMITTEE ACTION HEARING (CAH 2) RESULTS ON THE 2024 PROPOSED CHANGES TO THE INTERNATIONAL CODES – GROUP A

This is a summary of the actions taken on the 2024 Comments on Proposed Changes to the ICC International Codes at the **October 23-28, 2024** Committee Action Hearings #2 held at the Long Beach Convention Center, Long Beach, California.

These action lists include the proposed code change number and the committee action. Example: FS1-24 indicates AS. This means that the IBC Fire Safety Committee voted for Approval as Submitted of code change proposal FS1-24.

The “Part” listed after the code change number indicates the respective items of the code change that involve coordination issues between I-Codes. For example, FS21--24 Part I, was heard by the IBC – Fire Safety Committee and FS21--24 Part II, was heard by the IFC Committee.

Per Council Policy 28 comments that were not called onto the floor and acted upon are not eligible for public comment at the Public Comment Hearings (PCH) and will be placed on the consent agenda at the PCH. The action on these proposals will be indicated with an action of None-CA. Proposals which were called to the floor and the committee recommended maintaining the action from CAH#1 are indicated with an action of None-PC. These proposals are eligible for comment for consideration at the Public Comment Hearings.

A comprehensive report of CAH2 actions will be posted **December 2, 2024** in the Report of the Committee Action Hearing #2. This will indicate the action taken by the committee, their reasons, any approved modifications, any errata to the text of the code change proposals and the vote count.

Following CAH2 will be the Public Comment Hearings (PCH). Public comments on eligible proposals in Group A will tentatively open on January 20, 2025. The deadline for receipt of comments for the Public Comment Hearings is **March 14, 2025**. All comments must be submitted online via cdpACCESS (cdpACCESS.com).
