~~—17.22:~~ skylights

Reason: This proposal provides corrections to the listing of the *North American Fenestration Standard/Specification for windows, doors, and skylights* which is a referenced standard in Chapter 4 the IECC. There have been recent changes to the names and/or locations of the promulgating organizations. In addition, the title was slightly incorrect and the standard has also been updated. The American Architectural Manufacturers Association (AAMA) has changed its name to the Fenestration & Glazing Industry Alliance (FGIA) and also changed its office address.

The Window & Door Manufacturers Association relocated its office.

Also, the title of *AAMA/WDMA/CSA 101/1.S.2/A440: North American Fenestration Standard/Specification for windows, doors, and skylights* has been inconsistently referenced in the code.

Cost Impact: The code change proposal will neither increase nor decrease the cost of construction.
