To Whom It May Concern,

Christina D. Jackson's role as a Senior Codes Compliance Inspector at the City of Newport News Department of Codes Compliance has been instrumental in implementing code training with staff, overseeing the compliance of significant programs, and spearheading updating code regulations. She understands building codes in-depth and can communicate and collaborate effectively with various stakeholders within and outside our community.

Christina's expertise is matched only by her passion for promoting safety, sustainability, and innovation within our industry. Beyond her technical judgment and instructional teaching, Christina is a natural leader. She inspires confidence and respect among peers, as evidenced by her position on the VBCOA, WICED, and Virginia Technical Review Board and her proven track record of fostering teamwork and mentorship within our organization. Her ability to navigate complex regulatory environments and find practical, forward-thinking solutions has been a tremendous asset to our team. I am confident that she will bring the same dedication, insight, and leadership to the ICC Board of Directors that she has brought to our organization.

Her vision for the future of code development and enforcement aligns with the ICC's mission, and she would undoubtedly be a valuable addition to the Board. I wholeheartedly support Christina Jackson's candidacy and strongly encourage you to consider her for this significant role. I believe she is the ideal candidate for this position and I am confident that she will excel in this role.
