Dear Chairman Mr. Michael Wich

This letter is to affirm full jurisdictional support for David Spencer for the position of President of the Board of Directors for the International Code Council.

I have had the privilege of knowing and working with David Spencer for over 20+ years in various capacities within the building industry. David continues to be a great mentor and colleague to many that he works with within the industry. As a current Operations Manager, and a Building Official, Mr. Spencer has and continues to remain actively involved in the ongoing enforcement and administration of the various codes as adopted by the State of Washington and local jurisdictions through activities such as performing various building plan reviews and inspections with Adams County.

Throughout his career, David has continually demonstrated his commitment to building code development, as well as consistent and comprehensive enforcement of those codes. David has a deep commitment to the ICC organization, ICC chapters, his State, and to the various communities he has served both locally and regionally through various activities within ICC.

Adams County understands the significance of the role of Vice President of the Board of Directors for the International Code Council and considers it an honor to provide this endorsement of his continued participation now and in the future with the International Code Council.

Sincerely,
