

Specify and Approve with

CONFIDENCE

When facing new or unfamiliar materials, how do you know if they comply with building codes and standards?

- ICC-ES® **Evaluation Reports** are the most widely accepted and trusted technical reports for code compliance.
- ICC-ES **Building Product Listings** and **PMG Listings** show product compliance with applicable standard(s) referenced in the building and plumbing codes as well as other applicable codes.
- When you specify or approve products or materials with an ICC-ES report, building product listing or PMG listing, you avoid delays on projects and improve your bottom line.
- ICC-ES provides a one-stop shop for the evaluation, listing and testing of innovative building products through our in-house testing lab NTA, a highly respected ISO 17025 accredited testing lab with over 40 years of experience.
- ICC-ES is a subsidiary of ICC®, the publisher of the codes used throughout the U.S. and many global markets, so you can be confident in their code expertise.
