

ICC to Showcase and Present at the 2025 International Builders' Show and Kitchen and Bath Industry Show

Code Council is a proud signatory of the Windsor Declaration and is participating in a panel discussion on the industry's role in tackling water scarcity

Brea, CA – The Code Council family of solutions will be exhibiting at the 2025 National Association of Home Builders [International Builders' Show](#) (IBS) and National Kitchen & Bath Association [Kitchen and Bath Industry Show](#) (KBIS) during the 12th annual [Design and Construction Week](#) (DCW) in Las Vegas, Nevada. As a preferred sponsor of DCW, the Code Council and ICC Evaluation Service (ICC-ES) have supported both industry shows for over twenty years, highlighting the company's deep commitment to building safety.

Attendees can **join ICC-ES at IBS booth #C3032** daily for special show offers, giveaways, on-demand presentations and more. The company will be highlighting their latest programs including CodeMark certification for the Australian market, new test lab capabilities, off-site construction solutions and comprehensive listing and report program.

ICC-ES is also exhibiting at **KBIS booth N2571**, showcasing the Safe and Sustainable Cabinetry program, WaterMark scheme accreditation for Australia and New Zealand, and the WaterSense program for water-efficient products - all part of the Plumbing, Mechanical and Fuel Gas (PMG) program.

“NKBA is excited to welcome ICC-ES back to KBIS to empower our manufacturing members to continuously meet the highest standards in safety, quality, and performance,” said Bill Darcy, Global President & CEO, NKBA | KBIS. “As the demands of our industry evolve, NKBA members can rely on ICC-ES certification to keep them at the forefront of advancement and innovation.”

In addition to the water efficiency programs showcased at the ICC-ES KBIS booth, kitchen and bath leaders are gathering on Tuesday for The Windsor Declaration: **Driving Global Change panel at the KBIS NEXTStage** to discuss the industry's role in tackling water scarcity, and on Wednesday for the Technology, Sustainability, and the Future of the Plumbing Industry panel at the TOTO KBIS booth N738.

The International Code Council is a signatory of the Windsor Declaration, which represents a global, industry-wide initiative addressing water scarcity and antimicrobial resistance. Code Council Executive Director for PMG, Matt Sigler, will be participating in a panel discussion highlighting the [Windsor Declaration](#), alongside other distinguished panel members. There will be a dedicated kiosk at KBIS where attendees can learn more about the Windsor Declaration, located at SL2111.

“ICC-ES has made numerous advances in its services and programs, in order to better serve the ever-evolving building industry,” said Executive Vice President of the ICC Conformity Assessment Group, David Tompos. “Design and Construction Week brings forth some truly innovative construction methods and materials, and we are excited to offer testing and certification services to all of them!”
