Re: Support for Mike Boso candidate for ICC Vice President Committee

As President of the New York State ICC Northern Adirondack Chapter, I write to express strong support for candidate Mike Boso for the position of ICC Vice President.

Our support comes from respect!

We have unlimited respect for the things that Member Boso stands for and his multiple accomplishments.

We believe Mr. Boso has set a true example in his professional career. His example serves to highlight all that is positive and required for Code Officials to be given the respect the position deserves. Because of his exceptional job performance, Mr. Boso has brought respect to all code officials. His high profile raises the status by which code officials are judged. As a ICC member Mike has done the work. His presence can be seen because of his involvement at the local chapter level, his influence across his State and his commitment to elevating quality codes across this country and throughout the built environment.

The ICC continues to promote the single best model code, as an ICC Chapter we are excited to promote someone we believe to be a model code official. Mike Boso is that person. We appreciate he is a member who understands what it takes to support the entire membership. As ICC Vice President Mr. Boso will also bring his level of respect to the membership. Therefore, it is without hesitation and with all possible respect for this candidate that the members of the New York State ICC Northern Adirondack Chapter champion the name of Mr. Mike Boso for the position of ICC Vice President.

Respectfully submitted,

James E Morganson
President
Northern Adirondack Code Officials Association
