

LEARNING center

Online Training and Education

The Learning Center at ICC provides training and education to building safety, fire, design, and construction professionals on how best to apply and enforce the codes and leadership topics.

Training and education programs are designed for maximum impact and results by assisting you in developing professional skills, advancing your career, expanding your knowledge base, and/or preparing for your next certification exam. Stay on the leading edge of the industry while earning valuable CEUs.

All Learning Center training opportunities are developed and led by nationally recognized code experts with decades of experience. We offer convenient learning opportunities in a variety of formats.

VIRTUAL TRAINING

Join a live training event from any location – whether you're in the office or at home. All you need is a standard internet connection. Virtual classrooms are a hybrid learning environment where you participate remotely and experience the same collaboration, instructor interaction and learning benefits as if you were physically in the classroom.

LIVE WEBINARS

Participate in targeted training events by taking advantage of a web session series to give you the training you need in the timeframe you need it while getting all the CEUs you need for certification renewal.

ONLINE COURSE

Online courses are available 24/7 and features topics such as exam study, code training, management, leadership, and financial planning.

PREFERRED PROVIDER PROGRAM

Open the door to extensive training opportunities with ICC-approved educational offerings by a variety of providers as they relate to codes, standards and guidelines, as well as building construction materials, products and methods.
