Plan Review Services

The International Code Council family of solutions provides coordinated plan review services that help to ensure structures are code compliant and meet or exceed requirements for quality, safety and performance. We can work with builders, architects and governmental jurisdictions in every U.S. state and in many countries globally.

Code Council Plan Review services are:

Flexible:

Our team of code experts are available to complete jobs of any size on any plan review platform.

Quick:

We are dedicated to delivering the highest quality plan reviews in the industry with fast turnaround times that coordinate with permit application processes.

Experienced:

Every plan review is prepared by licensed and ICC-certified experts who understand and demonstrate their expertise in the International Codes.

Our staff includes expert plan reviewers with certifications in all disciplines, as well as professional engineers, with vast experience in applying model code and custom code criteria, as well as international standards and alternative materials and methods to complex designs.

Plan Review Disciplines

- | | | |
|--|---|---------------|
| ✓ Accessibility | ✓ Electrical | ✓ Mechanical |
| ✓ Building
(structural and nonstructural) | ✓ Energy & Conservation | ✓ Modular |
| ✓ Commercial | ✓ Fire Safety & Protection Systems
(includes sprinklers) | ✓ Plumbing |
| ✓ DAPIA | ✓ Life Safety | ✓ Residential |
| | | ✓ Structural |

Services include:

- Complete Plan Review Services** - comprehensive reviews of design drawings and specifications to requested disciplines
- Limited-Scope Plan Review/Technical Consulting Services** - technical expertise including evaluations of specific code topics as applied to a project, or special studies of particular building components, characteristics or applications
- Preliminary Plan Review Services** - initial design code compliance review when construction documents are still in the initial stages of development
