Re: Support for reelection of Randall Metz - ICC Board of Directors Section A

It is a rare occurrence when the description of a position describes the candidate seeking that position. In this case the candidate is Randell Metz, for the position of Director seat from Section A. The duties and obligations of this position are the exact same things that Mr. Metz has devoted his life to understanding and improving. His first term work and his desire for a second term highlight his willingness to make contributions on behalf of the membership. He has sought to address issues from the perspective of how the entire code community will be impacted. In his own words, Randy tries to “find a balance”. Beyond that, Mr. Metz refers to his ICC Board Committee work as “service”. His committee experience makes him the most qualified person for this position.

As members we consider his words, actions and commitment to be the best representation possible. He comes to this position from his responsibilities with Chapter leadership. As Chapter members we completely endorse his shared vision. Therefore the New York State Northern Adirondack ICC Chapter supports the reelection of Randell Metz so that he may continue to use his “knowledge of what is important to our members”. With our trust that he will “work for the advancement of code officials of all disciplines.”

Please join with the members in support of someone who has proven value to the membership and this organization.

Respectfully submitted,

James E. Morganson
President
Northern Adirondack Code Officials Association
