Dear Mr. Tom,

The City of Gonzales understands the importance of ICC and the value it brings to our community. The ICC provides the framework which our citizens enjoy safe structures in which they live, work and play.

The City of Gonzales stands in full support of Shirley Ellis' participation as a board of director member with the ICC. We understand the commitment and time this takes out of her busy schedule. We support Shirley's participation and look forward to her continuing to serve. The City of Gonzales believes this is beneficial to our community and organizations, because it brings a high level of competency and confidence to her work in our community.

Thank You,

Timothy L. Crow
City Manager
City of Gonzales
