The International Code Council Releases 2021 International Codes in Spanish

Spanish editions are now available in print and digital formats

Washington, D.C.— The International Code Council’s 2021 International Codes® (I-Codes) are now available in Spanish, in both print and digital formats. This release marks a significant step forward in promoting safety, accessibility, and innovation within the global construction industry.

The 2021 Spanish editions of the I-Codes help facilitate the understanding of building safety provisions for Spanish-speaking communities around the world. Improving the understanding and accessibility of building codes elevates the quality of construction and ensures safety.
