

**Call for Committees – ICC Code Technology Committee, ICC Ad Hoc Committee on Healthcare**

The International Code Council is currently accepting applications for the following Codes & Standards Committees:

**ICC Code Technology Committee (CTC).** The objective of this committee is to provide a single forum where pressing issues of new technology as well as other contemporary issues and concepts surrounding the current code provisions can be thoroughly and comprehensively discussed. The ICC Board determines the issues to be considered by the CTC. To date, the ICC Board has approved eleven areas of study/investigation. For more information on the activities of the CTC, please go to: <http://www.iccsafe.org/cs/CTC/Pages/default.aspx>

At this time, ICC is receiving applications to fill expired terms of CTC members. Current CTC members whose term expires December 31, 2010 must reapply to be considered for re-appointment. CTC members are appointed by the ICC Board of Directors. [Click here](#) for an application. The acronym below is to be used to identify the Code Technology Committee on the application.

**CTC** Code Technology Committee

Travel required. The CTC typically holds 2 - 4, two-day meetings per year. ICC Governmental Member Representatives are authorized to travel at ICC's expense when participating at CTC meetings. All others are responsible for funding their participation on this committee.

**ICC Ad Hoc Committee on Healthcare.** The ICC Board recently approved the creation of an ad hoc committee to comprehensively review and update the provisions in the International Codes relative to both new and existing hospitals and ambulatory care facilities. This new committee is being formed in cooperation with the American Society for Healthcare Engineering (ASHE). The objective of this committee is to develop code change proposals to the International Codes which will result in the most contemporary, effective and efficient provisions for hospital and ambulatory care facilities to assure the highest level of safety for all users of such facilities. Based on the scope of this new effort, the Code Technology Committee (CTC) activities on the Care Facilities area of study will be transferred to this newly formed committee. The committee will be comprised of approximately 15 members representing ICC and ASHE.

At this time, ICC is receiving applications for committee appointment. The committee members are appointed by the ICC Board of Directors. [Click here](#) for an application. The acronym below is to be used to identify the ICC Ad Hoc Committee on Healthcare on the application.

**AHC – HC** Ad Hoc Committee – Healthcare

Travel required. It is anticipated that the committee will hold 4 – 5 meetings during the time period of December/2010 – December 2011. ICC Governmental Member Representatives are authorized to travel at ICC's expense when participating at the meetings. All others are responsible for funding their participation on this committee.

Term: As an ad hoc committee, the term expires upon completion of the effort. It is anticipated that this committee will be active in both the 2012 and 2013 Code Development Cycles.
