Notes from 8-8-2022 –

The committee did a final review on the modifications for 04-07-22.

Items discussed included:

- height of top rail of guard when used as a handrail
- if a reference to minimum aisle width was sufficient in 405.2 or needed to be repeated in handrails
- the terminology in Table 303.2 and the requirements in ASCE 7

For the 8-25 meeting Kim will provide a legislative draft from the 2017 ICC 300 text including all the modifications and revised terminology for Table 303.2. This should allow for the committee to vote on the final version.
