Notes from 10-3-2022 –

The committee discussed 04-01-21. There was a replacement proposal offered for accessible means of egress requirements including an increase in the common path of travel and an exception for an exterior area for assisted rescue. Dave Norman provided pictures of an example of an exterior area for assisted rescue. The committee also modified the exception to Section 404.1 for clarity on the number of exits required off an exterior bleacher. The proposal was approved as modified (7-0). See the public comment draft for complete information.

Greg Nelson introduced 05-01 for existing bleachers. The concern are existing bleachers that cannot meet the rise provisions where someone wants to add handrails to provide additional safety.

Bill Elliott would like to take a look at separating the definitions of bleachers and grandstands. Bill will provide a proposed modification for the 10/17 meeting.

Kim will send the comparison matrix for the 2024 IBC assembly seating requirements and the 2017 ICC 300 to see if there are any other requirements the bleacher committee should address.

E. Other/New Business

F. Next call – Mondays every two weeks from 2:00 to 4:00 Eastern

Dates: 10/17, 10/31 2022

G. Adjourn: The meeting was adjourned at 4:00 pm
