Notes from 10-31-2022 – The committee discussed and voted on 05-01-21. See the public comment agenda for the modification and reason.

Concern was expressed about a reference to ICC 500 in IEBC and IPMC. The committee may propose changes during Group A code changes in 2024 to add a reference. IEBC does reference ICC in Section 501.1, however that is just the prescriptive method. IPMC does not reference ICC 300 but the standard does include inspection requirements in Chapter 5.
