SECOND PUBLIC MEETING

Magnesium Oxide Board Standard Consensus Committee

(IS-MGOB)

(Approved Minutes)

The second public meeting of the ICC Magnesium Oxide Board Standard Consensus Committee (IS-MGOB) was convened on July 2, 2024 to receive updates from the work group reports and to update the schedule. The teleconference meeting was conducted through Teams.

1. Meeting Opening

a. Opening remarks, objective of the meeting, and housekeeping:

Committee Chair, Jarret Davis called the meeting to order at 11:07 pm CT and welcomed all committee members, interested parties and ICC staff. All meeting participants were urged to read the ICC Code of Ethics, section 5.1.10 Representation of Interests in Council Policy (CP) #7 and CP #50 Antitrust provisions in the spirit of code of conduct. These documents are on ICC’s website under Corporate Governance.

Don Allen, Vice-Chair, informed the committee that he would be changing his employment from the Association of the Wall and Ceiling Industry to the Steel Framing Industry Association in a month. The exact date was not provided. Mr. Aittaniemi noted that he needs to submit a new application with his new position before then, so that the balance of the committee can be determined. There will be no issue with his continued participation as a member of the committee if the balance in the committee is unchanged. Staff will determine if balance is an issue upon receipt of the new application.

b. Quorum and membership review:

Jason Toves called the roll of the IS-MGOB with the following members registering attendance. 5 of 9 committee members were present for the required quorum in order to conduct business.
