

CSA/ICC JOINT CONSENSUS COMMITTEE ON RAINWATER COLLECTION SYSTEM DESIGN AND INSTALLATION (IS-RCSDI)

The 10th meeting of the Joint ICC/CSA Rainwater Collection System Design & Installation Consensus Committee to be held November 30, 2017 at 2:00 PM EST via conference call/webmeeting.

- MEETING NOTICE -

Date	Call-in/Login
Thursday, November 30, 2:00-4:00 PM EST	<ul style="list-style-type: none">• Login: https://www.uberconference.com/smartin73• Optional dial in number: 412-552-3381 (no PIN needed)

The purpose of this meeting will be for the IS-RCSDI consensus committee to review and respond to the comments received in response to the Third Public Release Draft. The tentative agenda will be posted on the [ICC Project Website](#). The meeting is open to the public.

The Consensus Committee (CC) on Rainwater Collection System Design & Installation (IS-RCSDI) shall have primary responsibility for the development of minimum requirements and standards for the design, construction and maintenance of rainwater collection systems to safeguard public health, safety and general welfare. Relevant requirements contained in ICC and CSA model codes and standards, pertaining to these devices shall be incorporated into the standards developed by the IS-RCSDI.
