

Grammar Correction R401.2.1 (1022)

IECC: C401.2.1

Proponents: Michele DeFrance, representing City of Portland Maine (mdefrance@portlandmaine.gov)

2024 International Energy Conservation Code [RE Project]

Revise as follows:

C401.2.1 . Commercial buildings shall comply with one of the following:

1. Prescriptive Compliance. The Prescriptive Compliance option requires compliance with Sections C402 through C406, and Section C408. Dwelling units and sleeping units in Group R-2 buildings shall be deemed to be in compliance with this chapter, provided that they comply with Section R406.
2. Simulated Building Performance. The Simulated Building Performance option requires compliance with Section C407.

Exception: Additions, alterations, repairs and changes of occupancy to existing buildings complying with Chapter 5.

Reason: The current language requires the Prescriptive Compliance Option to comply with Sections R401-R404 and R401-R408. This is not the intention. A comma is required to provide the correct compliance range. It should read: "The Prescriptive Compliance Option requires compliance with Sections R401 through R404, and R408."

Cost Impact: The code change proposal will neither increase nor decrease the cost of construction. This is a grammatical change only and doesn't change the intent of the code.
